

Dear pastor and prayer partners,

Greetings in the name of our Lord Jesus Christ. We are so grateful for the continued support of your prayers and finances. The COVID-19 that has affected much of the world has also had a big impact in Myanmar. Since we had visited South Korea for our daughter 's wedding reception with family late February, due to the pandemic, our return to Myanmar has been delayed. All of our major ministries that used to physically gather are on hold. The Burmese government has banned any gatherings and have put an order for lockdown and curfew, so services are being held in individual homes for now. But by the grace of God, our local pastors are still staying faithful in their calling and the work of God.

New Worship place for Yangon' s 133 Area

Through relational evangelism efforts, some brothers and sisters have been led to the Lord and have been baptized and were holding services and Bible studies for about a year in a believer's house. Recently, we were able to rent some land and have built a bamboo house where they will be able to hold services in a permanent place for worship. As the majority of these new converts have been saved out of Buddhism, please pray for them to continue to grow in the Lord.

We have also begun emergency relief for those who are affected by COVID-19. Much help has been offered to the needy at this time and we are thankful for the opportunity to serve.

Sipin Church Building Damaged due to Cyclone

At the end of April, a strong cyclone had come through and the church building in Sipin had much damage done. The tin roof blew away and much of the building was gone, so pastor Utanshe, his family, and orphans that lives with them, a total of 23 people had lost a place to stay. They are having a difficult time in the 40+ degrees heat without a place to stay. We have taken immediate action to build a temporary bamboo house for them to stay for now. We covet your prayers for the Sipin family.
