And the things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also. II Tim. 2:2

Dear Ministry Partners,

We are so excited and grateful to God for how he has provided healing and we give Him all the praise! As many of you know, I was diagnosed with kidney cancer last fall and after having the tumor removed the beginning of this year, the doctor said that it turned out to be an Oncocytoma (not cancerous) instead of Carcinoma!! She said they both look alike on scans which is why they test after removal. Only 10% of these turn out this way. She prefaced by saying, "I know a lot of people have been praying for you." We marvel at God's perfect timing in our lives and couldn't be more excited to get going again! I have gained most of my strength back and have been ministering in our surrounding area. We have done teacher training for our Bible College, I have preached, been to some mission conferences, done some youth work and children's meetings as well. Another man and myself traveled to NYC to put some new flooring in a missionary's home at the beginning of the year.

I have a group of three men going to Guyana, South America with me to do teacher training and evangelistic meetings the first week in April. It will be the first out of the country ministry for one full year. Please pray for easy passage both into and out of Guyana without delays and/or quarantine. The flights have been changed several times which complicates the timing of the covid testing required to enter both Guyana and the USA upon return.

This last month we have scheduled or re-scheduled several new or missed meetings from 2020 for this year. We are still waiting for countries to open up who are wanting us to come. Specifically the Philippines and Australia. This is certainly a big matter of prayer. Now that things are beginning to open up here in the States, we would be thrilled to come and do a teacher training refresher or VBS for your church. Give me a call and we can set something up.

While attending a funeral last month, I was approached by a young adult who asked me if I remembered him. I apologized that I didn't and he told me that he had been saved as a child at one of our camps. Although we don't always remember, I'm so glad that God does and grateful for how he crosses our paths with this kind of encouraging news! Thank you for your intercession and generous support. We are blessed!
